

Project Design Phase-II

Data Flow Diagram & User Stories

Date	18 june 2026
Team ID	
Project Name	SHOPEZ : E-commerce Application
Maximum Marks	5 Marks

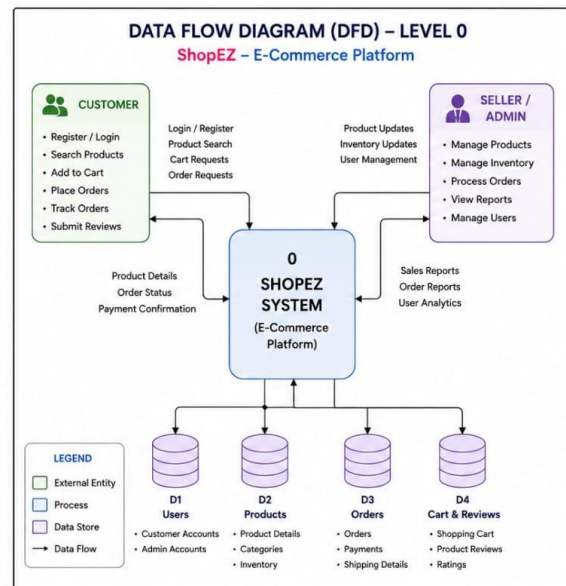

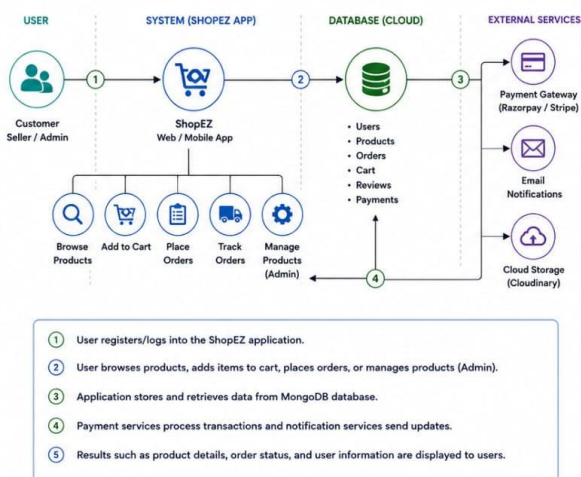

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right

amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

(Simplified)

Flow – ShopEZ E-Commerce Platform

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Mobile user)	Registration	USN-1	As a user, I can register for the application by entering my email, password, and username.	I can access my account / dashboard.	High	Sprint-1
Customer (Mobile user)	Registration	USN-2	As a user, I will receive a confirmation email once I have registered for the application.	I can receive a confirmation email and click confirm.	High	Sprint-1
Customer (Mobile user)	Registration	USN-3	As a user, I can register for the application through Facebook integration.	I can register & access the dashboard with Facebook Login.	Low	Sprint-2
Customer (Mobile user)	Registration	USN-4	As a user, I can register for the application through Gmail.	I can register & access the dashboard with Gmail Login.	Medium	Sprint-1
Customer (Mobile user)	Login	USN-5	As a user, I can log into the	I can enter correct credentials	High	Sprint-1

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
			application by entering my email & password.	and receive a JWT token to enter my account.		
Customer (Web user)	Product Catalog	USN-6	As a customer, I can browse catalog products and filter them by category and gender parameters.	Selecting checkboxes (e.g. mobiles, Men) dynamically updates the catalog grid items.	High	Sprint-1
Customer (Web user)	Product Catalog	USN-7	As a customer, I can sort products by price (low to high / high to low) and discount.	Radio option selects rearrange the catalog products according to final discounted rates.	High	Sprint-1
Customer (Web user)	Product Details	USN-8	As a customer, I can view product description details, size options, and an image carousel.	Open product details, slide thumbnails, select size, and read simulated customer reviews.	Medium	Sprint-2

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Web user)	Shopping Cart	USN-9	As a customer, I can add items with sizes, update quantity levels, or delete items in my cart.	Cart counts update dynamically on the header badge, and items persist across page reloads.	High	Sprint-2
Customer (Web user)	Checkout & Payment	USN-10	As a customer, I can proceed to checkout, enter my shipping details, and place my order.	Validates shipping fields, calculates GST (18%) + shipping fees, places order, and clears cart.	High	Sprint-3
Customer (Web user)	Profile & Tracking	USN-11	As a customer, I can view my profile registration and my transaction order history.	Shows active order details, estimated delivery dates, tracking status, and cancellation button.	High	Sprint-3
Customer Care Executive	Customer Support	USN-12	As a customer care executive, I can search for orders by entering user	Returns a list of customer orders, billing rates, and shipping	Medium	Sprint-3
